### SUPRA — Motor-in-Roller Electric Screen with Automatic Ceiling Closure

- Designed for meeting rooms, conference and training facilities
- At the touch of a switch an automatic ceiling closure opens and the screen appears. Reverse the switch and the screen disappears from sight.
- Ceiling closure can be finished to match ceiling
- Operates smoothly and silently, because the motor is mounted inside the roller on special rubber vibration insulators
- Operating speed 20 feet per minute
- Choice of fiberglass matte white or glass beaded surface
